Notes on Varieties and Tips for Growing a Great Garden

On our website, there are notes about specific varieties and tips on how to grow different crops. These are from our own experiences gardening and farming, and also what we have learned from other gardeners (like you! Thank you!), farmers and books and workshops. Look for the *Dave and Linda’s thoughts* section on the website!

What happened to my favorite variety? It is not on the list this year.

Sometimes the seed companies have seed failures. Sometimes sales are slow and we decide to add something new and different in its place. Let us know if you want us to bring something back! We do our best to add your crop suggestions to our list each year.

Pickup Dates: Friday, May 27 through Monday, May 30 from 9 am to 5 pm.
