Notes on Varieties and Tips for Growing a Great Garden

On our website, there are notes about specific varieties and tips on how to grow different crops. These are from our own experiences, and what we have learned from other gardeners (like you! Thank you!). Look for the *Dave and Linda's thoughts* section on our website:

What happened to my favorite variety? It is not on the list this year.

- Sometimes the seed companies drop varieties. I went to a workshop this winter presented by our regional seed companies. They explained how they develop and evaluate new varieties and the many reasons that they will drop a variety. It was interesting. They do a good job trialing new varieties. From their trials, they choose varieties that grow well in New England and we all benefit from their expertise.
- Sometimes plant sales are slow, and we decide to add something new in its place.
- Let us know if you want us to bring something back!

Pickup Dates: Friday, May 22 through Monday, May 25 from 9 am to 5 pm. Memorial Day weekend.

What if I am gone Memorial Day weekend? Call us at 529-2170 if you can't make it to the farm over Memorial Day weekend. We would be glad to hold your plants for you.
